## Walker Wayland NSW

Chartered Accountants

## Assurance Services

### Our History

Walker Wayland NSW was formed in Sydney on February 1 1985 following the merger of Walker Meares & Co and Wayland & Wayland.

Both firms have had a strong presence in the Sydney business community for more than 50 years, with this experience represented in the continuing presence of a number of partners.

We moved to our current premises in Sydney's CBD in 1993.

Our firm has eight partners and a team of 40 people across all disciplines.

### Corporate Social Responsibility

Increasingly, environmental and socially sustainable practices are becoming an every day aspect of doing business.

Our corporate and social responsibility objectives are to reduce the environmental impact of the firm's activities and continue its community support partnerships as a means of contributing back to society.

**Stephen Roger**

Senior Partner

Stephen's prime interests are in local and international tax and corporate advisory services. He acts for a wide range of corporate clients including private family companies to international trading companies as well as an adviser to high wealth individuals and international organisations.

He is extensively involved in providing advice to Australian companies seeking operations overseas and oversees holding companies establishing their business in Australia.

Stephen is a Fellow of the Institute of Chartered Accountants in Australia, registered public accountant, auditor and tax agent.

**Grant Allsopp**

Partner

Grant specialises in due diligence and business review advice, with a particular focus on the retail and hospitality sectors, following years of experience with large chartered accounting firms in audit and consultancy.

Grant has specific experience working with a large Registered Club where he held the dual roles of Group Financial Controller and its related hotel venue and Finance Director for its joint venture chain of hotels.

Grant is a Chartered Accountant, registered public accountant, auditor and tax agent.

Our methodology involves the development of a risk matrix to determine the overall audit risk as a result of the interaction between control risk, fraud risk and inherent risk.

The risk matrix is used to allow us to provide an efficient and effective assurance service to our clients

Our risk based audit approach ensures that our assurance procedures are based on a thorough understanding of our clients business, transactional processes and the risks inherent to the industry in which they operate.

We communicate our assurance results through a range of client focused outputs.

As a measure of the strength of our audit methodology our firm is registered with the Public Company Accounting Oversight Board (PCAOB). As such in accordance with the requirements of this registration our methodology is designed to ensure that our audit is conducted in accordance with the Sarbanes Oxley Act as well as international auditing standards issued by the IAASB.
